The Benefits of Workplace Vaccinations

111 million U.S. workdays lost annually to flu.*

\$16.3 billion in lost earnings to U.S. businesses due to flu.*

7.5 million flu illnesses prevented by the vaccine.*

Employers

- Reduces cost by decreasing time missed from work to get vaccinated
- Reduces cost by reducing absences due to illness, resulting in improved productivity
- Vaccination often already covered under employee health plans

Employees

- Reduces absences due to sickness
- Improves health
- Convenience
- Improves morale
